FINDING FRIENDS IN MAHARA
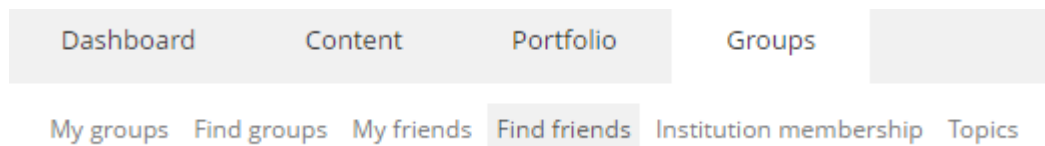

If you want to establish your social network, you can use the *Find friends* page to find people to connect to. An alphabetical list of all users in your institution(s) or on the entire system is provided.
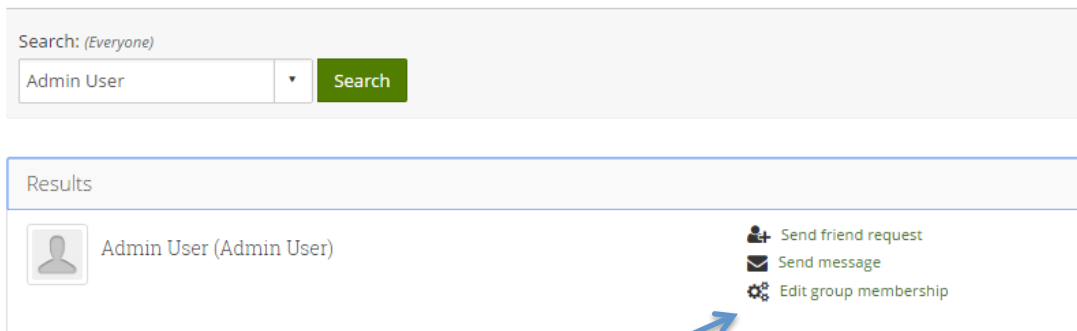

Click on: **Groups** and **Find friends** and enter the name of a user in the search box area.

Your search results are limited to users from your institution.
Choose the option "Everyone" to search for any user on the system.

All results are listed. You can click on the name to view that user's profile page. You also see if a user is already a friend of yours.

You can do the following:

Send a friend request
Send message
